

Canadian National Exhibition Garden Show

2025 Horticulture and Design Competitions

*In memory of **Dave Money**:*

A great horticulturalist and a wonderful man

The CNE 2025 Garden Show competition is open to the general public. **IT IS NOT NECESSARY TO BE A MEMBER OF ANY HORTICULTURAL SOCIETY OR GARDEN CLUB IN ORDER TO PARTICIPATE.**

HOWEVER, all exhibitors should carefully read the Rules and Regulations in the 2025 Show Schedule. It is important when entering a class in any of the shows to strictly adhere to size and number that is being requested. Grooming is very important: i.e. removing dead and damaged leaves, cleaning the pot, etc. In summary, always bring in the best entry possible, looking its “very best”.

Be a part of the show and display your gardening skills!!

CANADIAN NATIONAL EXHIBITION HORTICULTURE AND DESIGN COMPETITIONS

Notice to Exhibitors:

The CNE 2025 Flower and Vegetable Competitions, as well as Design classes are open to the general public, and **it is not necessary to be a member of any horticultural society or garden club. HOWEVER, all exhibitors should carefully read the rules and regulations in the show schedule.**

ALL EXHIBITORS MUST CHECK IN AND OUT WITH THE SHOW CHAIRPERSONS. FAILURE TO DO SO WILL RESULT IN THE FORFEITURE OF ANY PRIZE MONEY EARNED FOR THAT SHOW. ALL EXHIBITORS MUST SETTLE ENTRY ACCOUNTING WITH THE SHOW CHAIRPERSONS BEFORE THE CHECK-IN DESK IS TAKEN DOWN.

GENERAL RULES AND REGULATIONS

1. Entry fee is \$1.00 per entry for classes in Sections 801 to 816. Payment can be made when registering online through your bank if you bank with TD, Scotiabank, CIBC, RBC, BMO, Tangerine. Click “Pay Bills”, click “Add a Payee”, search “**Canadian National Exhibition Association**” and add us. Account number C08888. PLEASE NOTE: You must search for Canadian National Exhibition Association NOT “CNE”. If paying by cheque, cheques to be made out to the “Canadian National Exhibition”.
2. The HST is **not** applicable because the entry fees are applied towards the prize money.
3. Entry forms must be received by the CNE by **Monday, July 14, 2025**, so that entry tags and Canadian National Exhibition grounds admission passes can be distributed to the exhibitors. (Entry forms received after this date will still be accepted, however, we cannot guarantee that passes and tags will be mailed out in time for the show(s) that you are entering.). Additional entry tags are available at the Garden Show on the actual day of all shows, prior to judging.
4. Entry forms and any other correspondence are to be mailed to: Canadian National Exhibition, Horticulture Competitions, 210 Princes’ Blvd, Exhibition Place, Toronto, Ontario, M6K 3C3.

CNE Office TEL. (416) 649-2289 or (416) 263-3835
agriculture@theex.com
5. Exhibitors may make entries on day of show without having pre-registered.
6. Each dollar in awards will have the value of one (1) point. The value of one (1) point is equivalent to one (1) Dollar for all Awards.
7. Prize money will be made through electronic funds transfer (EFT) only following the conclusion of the Canadian National Exhibition. We will make every effort to ensure prize money is paid out by November 30th, 2025. To ensure there are no delays please make sure we have either a void cheque or direct deposit form. Exhibitors will have until December 31st, 2025, to claim their winnings and

send their banking information. If not claimed by the deadline their prize money will be forfeited.

8. Any discrepancies in prize money paid out must be reported within thirty (30) days from date of payment. No appeals will be considered after that date.
9. **Ontario Judging and Exhibiting Standards 2019 (OJES/2019) will be the guideline for Judges, Exhibitors and Show Committees. The CNE Show Schedule is the Law of the Show. Any specific rules, regulations, definitions, and requirements the CNE has must be adhered to by everyone.**
10. There are 6 different Shows for Horticulture and 5 different Shows for Design during the CNE.
11. Reference to short forms:

 - Def.** – Definition

Show Routine

- A) All exhibitors must check in with the Show Chairpersons. This will commence at 8:30 a.m. August 15th to August 29th, and September 1st. **August 30th check in will commence at 7:45 a.m.** Exhibitors must be checked in no later than 12:00 p.m.
 - B) **Failure** to Check-in will result in the forfeiture of any Prize money earned for that Show. All Exhibitors must settle entry accounting with the Show Chairperson(s) at Check-In Desk.
 - C) All exhibits with correct entry tags must be in place no later than 12:30 p.m.

NO ENTRIES WILL BE ALLOWED AFTER 12:30 p.m.
 - D) All exhibitors must leave the show floor by 12:30 p.m.
 - E) After 12:30 p.m. all worktables will be removed and floors cleaned by Horticulture Show Assistants.
 - F) From 12:30 p.m. to 1:15 p.m., the Show Chairpersons and Clerks will prepare staging of the Show.
 - G) Judging will commence promptly at 1:15 p.m.
12. Approval for early removal of any entry,
- a. prior to the closing of the Heritage Court, at 9:30 p.m., on any day,
 - b. must be given by the Horticulture Chairperson(s). Failure to receive approval could result in forfeiting any prize money earned by that entry.
13. It is the responsibility of the Exhibitor that all Entries will be displayed for the duration of the Show period. All Sections apply. Once an Entry has been placed for judging, the Entry is not transferable to another section within that Show Period or other Show Periods.
14. **PLEASE NOTE: EXHIBITORS ARE NOT PERMITTED TO REMAIN IN THE ACTUAL SHOW AREA AT JUDGING TIME. ONLY JUDGES, CLERKS AND SHOW COMMITTEE ARE ALLOWED. THE DECISION OF THE JUDGES WILL BE FINAL.**
15. All entries are to be removed at the end of each Show. Time of removal starts at 9:30 p.m. On Labour Day Monday, please ensure to arrive by 4:30 p.m. as Police will not allow entry to the grounds after that. There will be no exceptions. Exhibitors can come pick up their entries between 3 p.m. – 7 p.m. The building will close at 7 p.m.
16. Reasonable security will be supplied for the exhibitor's property, which must be claimed at the end of each show. The Canadian National Exhibition is not

responsible for any missing/damaged entries, unclaimed exhibits, or any personal belongings.

17. Parking is available in the indoor parking under the Enercare Centre. Section B7 is directly under the Garden Show. Access to the show area is by the elevator located at B7.

HORTICULTURAL SECTION:

18. All measurements throughout this schedule will be in Metric and will indicate the Imperial measurement in (brackets).
19. Based on the Honour system, all class entries must have been grown by the exhibitor that is named on the entry tag for at least **3 months** prior to the show.
20. When Specific Class for exhibits is identified, the General Class or Any Other Variety Class has the disclaimer "except identified in Section", i.e. dahlia vs. any other BCTR.
21. Exhibitors are allowed more than 1 entry per class provided they are of different species or cultivars. If the exhibitor enters more than 1 entry of the same cultivar in any 1 class, all their entries in the class will be disqualified and any awards given will be null and void.
22. UNLESS OTHERWISE STATED IN THE SCHEDULE. Entries are not transferable to another section, as all entries will be displayed for the duration of that show.
23. If 3 or more exhibits of the same cultivar are entered in a class that are show quality specimens, these entries may be subdivided at the Judge's or Show Committee's discretion.
24. Containers will be supplied for cut specimens UNLESS otherwise stated in the SCHEDULE.
25. A single specimen within any form of "collection or basket" is not eligible to receive an award on its own merit. The collection or basket must be judged as a whole entry.
26. Any exhibit that has insects or is diseased will be removed by the Show Committee and will not receive any awards.
27. The entry of invasive plants will result in the disqualification of the exhibit. Refer to OJES/2019 pg. 14, 142.
28. In all potted plant Classes, measurements given in show schedule are the container's inside top diameter dimensions. Exhibitors must conform to these measurements.
29. Hanging Baskets, Baskets etc. will not be displayed "hanging".
30. Vegetable Section 811, many specimens may need to be cut, and/or tasted if point values of entries are close, flavour, interior flesh colour and quality often account for point values.
31. In any class the judge may award an honourable mention, when merited, with a minimum prize value of \$3.00. Maximum of 3 honourable mentions in any class.
32. Rosettes may be awarded at the discretion of the judge.

Championship Rosette with a cash award of \$10.00 will be given for the Best in Show in each Show.

Judges' Choice with a cash award of \$5.00.

33. **The Dave Money Award**

For each Horticulture Section, The Dave Money Award for 1 outstanding Exhibit will be awarded by the Judges. The prize money for this award will be \$50.00.

34. **DEFINITIONS**

Ref. OJES/2019 (See Rule 9)

A. **Basket:** Type of container with or without handle. (edited)

B. **BCTR:** Bulb, Corm, Tuber, Rhizome

C. **Collection:** A specified number of different cut flowers, foliage, potted plants, branches, fruits, vegetables, or nuts, exhibited for cultural perfection. (edited)

D. **Container:** Any receptacle for plant material. In this schedule, can be interchanged with pot.

E. **Cultivar:** A coined term meaning "cultivated variety". Varieties of plants originated and maintained only in cultivation, which when reproduced retain their distinguishing features. Includes most named cultivated garden plants i.e. Petunia 'Sugar Daddy', Geranium 'Cardinal', and Rose 'Peace'.

F. **Dish Garden:** A number of horticulturally compatible plants growing in a shallow, open, portable container. (edited)

NOTE: SCALE OF POINTS for Dish Garden and Planters, (see OJES/2019 pg. 137 or scale of points)

G. **Genus:** A closely related and definable group of plants encompassing 1 or more species within a botanical plant family. (edited)

H. **Grouping:** A technique of placing similar materials together but still allowing their individual characteristics to be seen. (edited)

I. **Mature Plant:** A plant that has reached its full natural growth or development.

J. **Named:** Labelling for plants in a horticultural or special exhibits entry should be neat and legible with the correct botanical/common name and cultivar (if possible). (edited)

K. **Plant-Based Material:** Items derived from plant-based sources can offer interesting, new material for design work, i.e. midelino sticks, wood, veneer, natural fibres, papers, and textiles. These maintain some of their natural attributes and can be used if the schedule permits. Items that have been manufactured from plant material, such as wooden spoons, carved wooden figures, cork trivets, etc.,

are accessories or features and should not be considered in the calculation when the schedule reads “plant material must predominate”. (edited)

- L. **Plant Material:** A term used in floral design, refers to all parts of the plant, i.e. flowers, foliage, fruit, seeds, bark, stems, roots, driftwood, etc. (edited)
- M. **Planter:** A number of compatible plants, artistically grouped, and growing in a single open container for indoor or outdoor use. (edited)
- N. **Species:** A sub-division of a genus, and the second term in a botanical name, printed or written in lower case letters and italicized or underlined. (edited)
- O. **Specimen:** An individual exhibit in a show. (edited)
- P. **Types of Hydrangeas (edited), (see OJES/2019 pg.77):**
 - I. *Hydrangea arborescens* – large mop-heads (ball-shaped), ‘Annabelle’
 - II. *Hydrangea anomela* subsp.*Petiolearis* – climber, large flat lace-cap corymbs.
 - III. *Hydrangea paniculata* – cone shaped cultivars of broad panicles; many fall-blooming have more slender panicles, ‘Grandiflora’.
 - IV. *Hydrangea macrophylla* - including *Hydrangea macrophylla* subsp. *serrata*, - mop-head and lace-cap blooms, many cultivars.
 - V. *Hydrangea quercifolia*, - oakleaf hydrangea, inflorescence in open panicles.
- Q. **Variety:** The named variation of a plant species. (edited)

DESIGN RULES:

35. Wafa rules are the predominant guidelines.

Wafa Rules – World Association of Floral Artists (Wafa) Flower Show rules.

- A. An exhibit is made of plant material, with or without accessories, within a space specified in the Show Schedule.
- B. Plant material must predominate over all other components of the exhibit. Unless specified. (edited)
- C. The use of artificial plant material is forbidden unless stated in the regulations.
- D. Fresh plant material must be in water or in water-retaining material unless such material remains turgid throughout the event.
- E. Painted and/or artificially coloured plant material may be used unless otherwise stated. (edited)
- F. Pre-prepared work must not predominate in the exhibit.

36. All measurements throughout this schedule will be in Metric and will indicate the Imperial measurement in (brackets).
37. Background colour of drapes will be a light gray.
38. Unless otherwise stated, designs will be placed on sono tubes with a disc having a diameter of 40.6 cm (16").
- The height of the tubes are in cm: 76.2 (30"), 83.82 (33") and 99 (39"), OR on black open-ended cubes.
- Dimensions: 50.8W x 50.8D x 48.3H cm (20" W x 20" D x 19" H).
- Allotted width 81 cm (32").
39. Miniature designs will be placed in niches: 13W x 7.5D x 14H (5" W x 3" D x 5 ½"H) with a white background.
- For miniature designs see OJES/2019, pg. 32.
40. A small design from 14 cm – 25.4 cm (5 ½"– 10"), which must not exceed 25.4 cm (10" HWD - Height, Width, Depth).
- Hanging small design is to be equipped to hang from a horizontal wire which is attached to a standing metal frame.
41. Exhibition Table Type II (pg. OJES/2019, pg. 34) to be staged on top of one 50.8 cm x 48.3 cm (20" x 19") black open-ended cube which can be covered, if the designer wishes to.
- Two (2) black frames will be provided to sit on top of the cube, to be used only if you wish to incorporate either 1 or both frames into your design.
- One frame will be 35.6W x 9.2D x 35.6H cm (14" W x 3 5/8" D x 14" H).
- Second frame will be approx. 61W x 9.2D x 91.4H cm (24" W x 3 5/8" D x 36"H).
- Dining components should dominate over accessories.
- Allotted space 101.6W x 55.9D x 193H cm (40" W x 22" D x 76" H), 142.2 cm (56") high from black cube top.
- Plant material must be included.
42. Large Display Design classes to be staged on a black open-ended cube.
- Dimensions: 50.8W x 50.8D x 48.3H cm, (20" W x 20" D x 19"H) open on 2 sides.
- The allotted space is 101.6W x 76.2D x 218.4H cm (40" W x 30" D x 86"H) from ground. 167.6 cm (66") high from cube top.
43. Large Display Design classes to be staged.
- Dimensions: 122W x 122H cm - (4' x 4')
- The allotted space is 122W x 122H cm - (4' x 4')
- Reserved spacing required or preferred.
44. Exhibitors can register for the Large Display Design as an individual, group, horticultural society/garden club.

45. All design classes will be judged by Accredited/Certified judges.
46. JUDGE may award Honourable Mention when merited. Max. of 3 Honourable Mentions in any class.
47. Exhibition eligibility for Novice categories pertains to persons who have not previously won three (3) 1st place prize ribbons in CNE Design Competitions.
48. Novice Exhibitors can participate in EITHER Experienced Only OR Novice Class.
49. Rosettes may be awarded at the discretion of the judge.

Design Section 812-816:

Large Display Design Section 817-821:

Best in Show - \$15

Most Creative Design - \$10

Design Definitions for 2025

- A. **A Design** – A combination of fresh and/or dried plant materials, with or without other objects, arranged to create an artistic unit. A design may include container(s), base(s) and/or accessories. The designer uses the elements of design: space, line, form, colour, texture and pattern in the accepted principles of design: balance, rhythm, proportion, scale, contrast, and dominance to interpret the theme and/or class and create a design of harmony and distinction.
- B. **Abstract Design** – A design in which plant material and other components, together with space, are used as design units, i.e. line, form, colour and texture to create original images free from unnecessary additions. Some natural growth pattern may or may not be apparent. Includes: Assemblage, Collage and Kinetic, etc.

Plant Material does NOT have to predominate.
- C. **Angular Design** – Designs which put a strong emphasis on angular components. Non-angular components may also be included to provide contrast of form.
- D. **Armature** – A structure or grid work designed for mechanical and decorative purposes, and which becomes an integral part of the design.
- E. **Assemblage Design** – A three-dimensional abstract design combining previously unrelated found objects into an integrated whole, enhanced with some plant material. An assemblage may have several parts, or have parts fastened together into a single unit. Plant material does not predominate in an Assemblage Design. Found objects dominate. The schedule should specify the type: i.e. equipped to hang on a wall, on a table or pedestal, or free-standing. Assemblage see OJES/2019 pg.130.

- F. **Black and White Floral Design** – Black and White are the only colours. i.e. green stems and foliage can be exposed. Ideally green to be disguised or subliminal.
- G. **Collage Design** – An abstract design, created by gluing plant material and usually other objects on a flat surface. The collage is typically done in low relief. Depth is implied and achieved by overlapping planes, changes in value and/or juxtaposition of colour, pattern and/or texture. Painted mediums may be incorporated. There should be no visible spaces under any of the materials. Collage see OJES/2019, pg.134.
- H. **Creative Design** – An original idea or concept in the selection and use of all design components. Several components are organized in a non-naturalistic manner. May have moderate abstraction. Creativity, imagination, and originality are essential.
- I. **Creative Line Design** – A creative design in which line direction is dominant, characterized by open silhouette, a minimum of plant material and other (optional) components.
- J. **Floral Design** – Term used to describe a combination of fresh and/or dried plant materials and/or inorganic objects arranged to produce an artistic unit.
- K. **Floor Design** – A design originating from the floor or from a base or platform on the floor. May be done by 2 exhibitors.
- L. **Foliage Design** – A design in which foliage predominates.
- M. **Miniature Design** – A design with maximum dimensions no more than 12.7cm (5') in height, width and depth including any container, base and/or accessories.
- N. **Mass Design, Traditional** – A design with a large quantity of plant material arranged using radial insertions with a closed silhouette having few or no voids. Overall form of the design can be triangular, oval, round, or fan shaped. The design should include line, transitional and round forms of plant material, with gradation of size from large to small as the design radiates from the point of emergence of the stems to the outer edges (edited).
- O. **Mass Design, Modern** – A design of multiple groups (usually 3 – 5) of plant materials (each group composed of 1 variety of plant material) juxtaposed to give sculptural effect. It may be a solid mass or a mass with space emphasizing strong colours, textures, and forms (edited).
- P. **Parallel Design** – A design in which three or more groups are placed in a parallel manner with open spaces between the groupings. The parallel direction may be vertical, horizontal or diagonal. The design is in one container or in containers combined so as to appear as one unit. The design has the appearance of ONE container. i.e. types of parallel design – Vegetative, Decorative. (edited) see OJES/2019 pg. 146,147.
- Q. **Satellite Design** – A design with a main unit and a smaller unit of the same colour, form and/or texture that do not touch but have a connective line between the units that becomes a vital part of the rhythmic pattern of the design.
- R. **Small Hanging Design** – **Hanging** - A suspended design to be judged at a comfortable viewing height. Hanging designs may be designed to hang against a

surface, i.e., a holiday door decoration, or be free-hanging and viewed from all directions. The design should be equipped with a device for hanging.

- S. **Stretch Design** – A design in 2 units, 1 smaller than the other, having a prominent component connecting the 2 units which is referred to as the "stretch component." The stretch component must imply a stretching force. The overall appearance should be of 2 parts of a whole being forcefully pulled apart.
- T. **Synergistic Design** – A design in which at least 3 containers or units are used in a composition. At least 3 of the units must contain plant material. Each unit may be a complete or partial design, and the combined units create a unified whole. The design may be further unified through the use of connectives.
- U. **Type II Table Design – Exhibition Tables** - These tables are not related to the actual service of food. Does not require a decorative unit, however, some plant material must be included. This exhibit may be staged against backgrounds, in frames, on tables or in spaces determined by the schedule. Dining components should dominate over accessories.
- V. **Vegetative** – A design that presents plant material as it grows in nature. Plant material is used in the same scale and direction as it grows. The seasons are not mixed. Soil is not permitted, but the earth line is represented by moss, rocks, or low vegetation.
- W. **Waterviewing Design** – A traditional line design, adapted in Canada in the 1960's, with a dominant line of plant material and great use of space, in a shallow container with 1/2 – 2/3 of the container space showing water. Modern line design does not fit this definition but could be used in a design calling for Visible Use of Water.
